Compact Coin Counting Machine

CCR-10

- User-friendly Operation
- High-quality, High-performance, High-reliability
- Suitable to Count Casino Tokens

Outstanding solutions for your coin counting and identification needs

The CCR-10 offers exceptional quality, functionality, operability and durability. The CCR-10 meets the needs of businesses in a wide range of markets, including banks, casinos, distribution services, currency exchanges, armored vehicles, and vending machine operators.

Saving space, simple design

The sleek, slim design of the CCR-10 makes efficient use of your limited desktop space. The improved device design and effective layout of the front operation panel has made it possible for the CCR-10 to be equipped with a large LED display for easy and accurate verification of count totals and preset values.

High-level specifications increase the speed and efficiency of coin counting work

- High-speed counting at a

maximum rate of 1,800 coins per minute.

- Thanks to a separate supplying disk and rotating disk, coins flow smoothly through the CCR-10, even when its large 4000-coin hopper is filled to capacity.
- Wide-range of fast batch counting functions. Preset one-touch keys for 20, 25, 40, 50, 1000, 2000, 4000 and 5000 coins. The user can also set the batch capacity to any value from 1 to 9,999.

Simple, reliable operations controlled from the front panel display

Device operations have been simplified by concentrating controls on a convenient front panel with an LED display. This functional design provided greater ease of operation, improved result readability, and overall enhanced efficiency.

Option

External Display Monitor

An external display monitor is available that can be used to give customers a continuous view of the coin counting results.

Specifications

Counting Speed	1,800 coins/min. [coin diameter: 21 mm (0.827")]
Hopper Capacity	4,000 coins [coin diameter: 22.6 mm (0.890"), thickness: 1.7 mm (0.067")]
Acceptable Coins	Diameter: 15 – 37.5 mm (0.590" – 1.476") Thickness: 1.0 – 3.2 mm (0.039" – 0.126") Universal: 0.5 mm (0.020")
Dimensions	431 x 400 x 289 mm 17.0" (W) x 15.8" (D) x 11.4" (H)
Weight	21 kg (46 lbs.)
Power Supply	AC110 – 120V, 220 – 240V, 50/60 ±1 Hz
Power Consumption	98W
